# ANKIT BHAGAT

## Frontend Developer

Student at International Instutute of Technology, Patna  ◉  Kolkata, West Bengal

## SUMMARY

From acing the prestigious JEE to studying at IIT Patna, my journey has been one of relentless pursuit and passion. Starting my coding odyssey back in 6th grade, I'm now geared up for my inaugural internship as a Full Stack Developer in my very first year at college. Ready to bring my skills to the forefront and embark on real-world challenges.

## EDUCATION

Expected in June 2027
Indian Institute of Technology Patna
BTech in Civil Engineering

## EXPERIENCE

I possess substantial expertise in HTML, CSS, and Tailwind. In my portfolio, I've proudly developed clones of Spotify and Netflix, alongside original projects in e-commerce and edtech. Currently, I'm immersed in mastering JavaScript and React, aiming to round out my skill set as a formidable frontend developer.
